

## Release Notes

### Product version:

Vision and Vision Pro version 9.4

### Release date:

November 24, 2016

## Introduction

Version 9.4 is a minor upgrade of Netop Vision and Netop Vision Pro, that introduces new features for the Mac version and improvements for the Windows version.

Vision 9.4 is available at no additional cost to customers currently using version 9.x and does not require new license keys.

Customers with older licenses will need to obtain a new license key to install and run versions 9.0 - 9.4. Customers with a current Netop Advantage agreement are eligible to upgrade to the latest version free of charge.

For more information on your license or to purchase an upgrade, please contact [Netop](#) or your local [Netop Partner](#).

## Version 9.4 | Minor Upgrade | November 24, 2016

The trial period for Vision 9.4 is 30 days.

### Vision for Windows

---

#### *Vision Pro File Transfer*

Fixed an issue that caused transferring files via the Visions Chat function to be very slow.

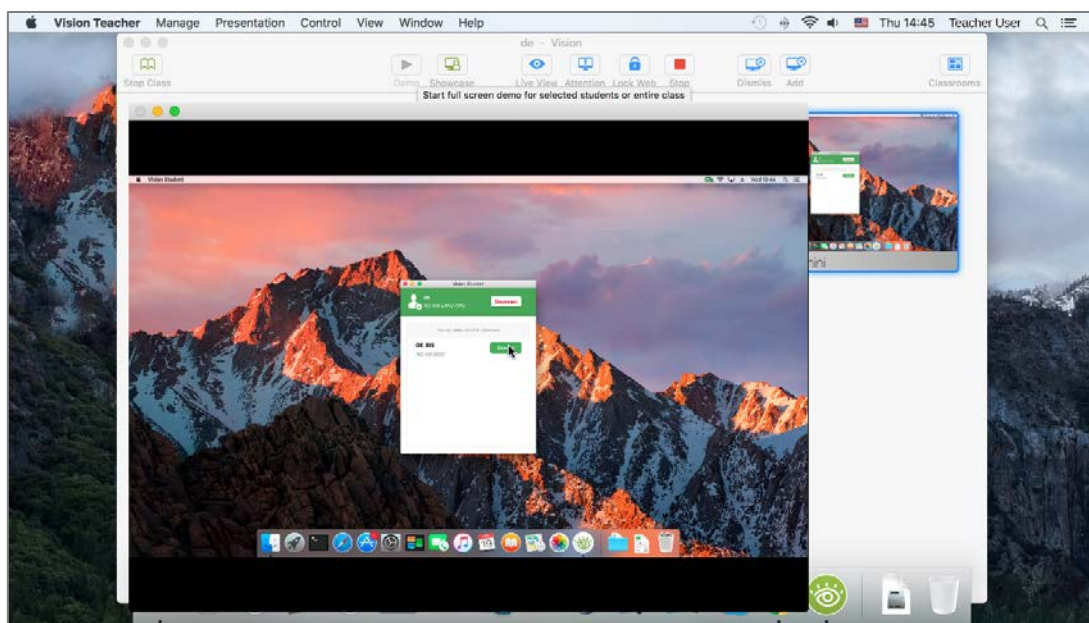

### Vision for Mac

---

Starting with version 9.4, Vision for Mac only supports Mac OS X 10.10 or higher.

#### *Showcase*

**Showcase** is a new feature that allows you to share a student's screen with all other students.

To do this, click  Showcase from the menu or choose **File > Showcase**.
